Nonconformance Report - Terminal Height

Document ID	QMS-NCR-011
Status	Open
Owner	Quality Engineering
Priority	High
Language	English

Nonconformance details

Field	Value
Part number	XY-4821
Lot	L260915-B
Line / station	A3 / Vision Inspection V2
Detected at	2026-09-15 10:18
Defect	Terminal height below specification
Specification	1.80-1.90 mm
Measured sample	1.72 mm
Affected quantity	24 pieces
Containment	Stop shipment; 100% sort of lot L260915-B
Initial disposition	Hold for engineering review

Immediate actions

- Segregate all finished goods from lot L260915-B.
- Inspect terminal height using gauge HG-11 at three points per part.
- Check press setup history from 09:40 onward.
- Production may restart only after first-piece approval by Quality.
